ORGANOCIDE® BEE SAFE 3-in-1 GARDEN SPRAY

Read entire label before use. Use only in accordance with label instructions.

This ready to spray applicator is calibrated to dilute Organocide® Bee Safe 3-in-1 Garden Spray Concentrate in just the right proportion. Simply SHAKE WELL and attach the sprayer to your garden hose. Continue to shake occasionally while using. Natural products tend to settle if not agitated.

Directions for Use:

- Do this 1st:** Flush hot water from hose prior to connecting to spray head.
- Do this 2nd:** Make sure the valve on the Sprayer Nozzle is in the "OFF" position.
- Do this 3rd:** SHAKE WELL and connect to garden hose securely and turn the faucet on full force.
- Do this 4th:** Turn the Sprayer Nozzle valve to the "ON" position.
- When finished:** Turn the Sprayer Nozzle valve to the "WATER" position to rinse and clean.

For best results, spray during the coolest time of the day (early morning or late evening) and allow 3-4 hours for product to dry. Do not apply when temperatures exceed 95°F. A single application is normally enough for preventative control. Spray leaves and stems of plants, making sure tops & bottoms are covered, until run-off. For normal maintenance, spray once per month or as needed to spot treat areas. For severe problems, make two applications 3-4 days apart. Reapply in 7 days if problem persists.

Garden Insects: Organocide® Bee Safe 3-in-1 Garden Spray kills the eggs, larvae, nymphs, and the adult stages of over 25 soft bodied insects including (but not limited to) Aphids, Hemlock Wooly Adelgid, Leafrollers, Mealy Bugs, Thrips, White-Flies, and Fungus Gnats.

Spider Mites: Including, (but not limited to) European Red Mite, Spruce Mite, Maple Mite, Southern Red Mite, Two Spotted Mite, Six Spotted Mite, Texas Citrus Mite and Rust Mite.

Scale Insects: Including (but not limited to) Sago Palm Scale, Magnolia Scale, Oleander Scale, San Jose Scale, Hemlock Wooly Adelgid and Euonymus Scale.

Diseases: Organocide® Bee Safe 3-in-1 Garden Spray controls certain fungal diseases such as (but not limited to) Powdery Mildew, Downy Mildew, Black Spot on Roses, Helminthesporium and Greasy Spot on Citrus.

Target Plants: Vegetables, Fruits, Nuts, Vine Crops, Herbs, Ornamentals, Greenhouse Crops, Turfgrass, Landscape Plants, Bulbs, Flowers and Field Crops. Not For Indoor Use.

Plant Compatibility: When used as directed, Organocide® Bee Safe 3-in-1 Garden Spray has an unusually high degree of safety to most plants. However, some plants in the Euphorbia family (Crown of Thorns, Poinsettia) have shown some sensitivity. If in doubt, test first on a small area of foliage to determine plant safety.

ORGANOCIDE® BEE SAFE 3-in-1 GARDEN SPRAY

Antes de usar, lea la etiqueta completa

Use únicamente según las instrucciones en la etiqueta.

Este aplicador es listo para rociar se calibra para diluir el Organocide® Bee Safe 3-in-1 Garden Spray concentrado en la proporción adecuada. Simplemente AGITE BIEN y conecte el rociador a su manguera de jardín. Continúe sacudiendo ocasionalmente mientras que usa. Los productos naturales tienden a asentarse si no se agitan.

Instrucciones de Uso:

Primerº: Enjuague el agua caliente de la manguera antes de conectarla al rociador

Segundo: Asegúrese que la Boquilla del Rociador esté en posición apagada "OFF"

Tercero: AGITE BIEN y conéctela a la manguera del jardín de manera que quede bien ajustada y abra el chorro al máximo

Cuarto: Abra la Boquilla del Rociador, a la posición "ON"

Cuando finalice: Coloque Boquilla del Rociador en la posición de agua "WATER" para enjuagarla y limpiarla

Para mejores resultados, rocíe durante la hora más fresca del día (mañana o tarde en la noche) y permitir 3-4 horas para que el producto se seque. No aplicar cuando las temperaturas superan los 95 ° F. Por lo general, una única aplicación es suficiente para el control preventivo. Rocíe las hojas y los tallos de las plantas, asegurándose de que las partes superiores e inferiores estén cubiertas hasta que se escurran. Para el mantenimiento regular, rocíe una vez al mes, o tal como sea necesario para tratar las áreas con manchas. Cuando se trate de un problema grave, aplíquelo dos veces, dejando tres días de por medio entre las aplicaciones. Vuelva a aplicar en 7 días si el problema persiste.

Insectos de Jardín: Organocide® Bee Safe 3-in-1 Garden Spray mata los huevos, larvas y crisálidas de insectos, así como los insectos adultos, en todas sus etapas, de más de 25 insectos de cuerpo blando incluyendo (sin estar limitado a) áfidos, pulgón de la tsuga, enrolla-hojas, chinches, gorgojos, tisanópteros, moscas blancas y mosquitos de hongo.

Ácaros: Incluyendo (sin estar limitado a) ácaros rojos, ácaros araña de abeto, ácaros roya, ácaros rojos de cítricos, arañas de dos manchas, arañas de seis manchas, ácaros plateado y ácaro enrofiador.

Insectos en Escamas: Incluyendo (sin estar limitado a) escamas de sagú, escamas de magnolia, escamas de adelfa, escamas de San José, pulgón de la tsuga y escamas de bonetero.

Enfermedades: El Organocide® Bee Safe 3-in-1 Garden Spray controla ciertas enfermedades causadas por hongos como (sin estar limitado a) roya polvoriento, roya negra, manchas negras en las rosas, helmintosporium y manchas de grasa en los cítricos.

Plantas Objetivo: Vegetales, frutas, nueces, vides, hierbas, plantas ornamentales, plantas de invernadero, grama, plantas decorativas, bulbos, flores y cultivos de campo. No es para usar en interiores.

Compatibilidad con las Plantas: Cuando se usa según las instrucciones, el Organocide® Bee Safe Garden 3-in-1 Spray ofrece un alto grado de seguridad para la mayoría de las plantas que es poco común. Sin embargo, algunas plantas de la familia Euphorbiaceae (como corona de espinas y flor de pascua o poinsettia) han demostrado tener cierta sensibilidad al mismo. Si tiene alguna duda, pruebe primero en una pequeña área del follaje para determinar la seguridad específica con la planta.
