Oxadiazon 2G

Broad Spectrum Pre-Emergent Herbicide

A selective, pre-emergent herbicide for control of annual grasses and broadleaf weeds in turf and woody ornamental shrubs, vines and trees.

- Same carrier, same low odor formulation, larger granule
- New larger granule provides better distribution ballistics
- Great for landscape ornamentals - reaches soil level more readily for excellent coverage
- Spreader friendly, better visual application confirmation
- Proven, long-lasting performer, Oxadiazon 2G controls weeds and grasses through the shoot and will not harm roots
- For use in established Bermudagrass, St. Augustinegrass and Zoysia turf such as fairways, golf courses, parks and lawns
- Can be applied to both established and newly transplanted plants, and both actively growing or dormant plants

Controls a wide variety of broadleaf weeds and annual grasses as they germinate, including:

Annual bluegrass (*Poa annua*)

Carpetgrass

Crabgrass

Florida Pusley

Goosegrass

Oxalis

Pigweed

Stinging Nettle

Formulation	2% Granular
Active Ingredient	Oxadiazon
Competitive Brand	Bayer Ronstar® G
Packaging	50lb bag (40 bags/pallet)
Application Rates	See label for specific uses and rates
Mode of Action	Pre-emergent
