germs, dirt, debris,
water and insects

FOR HORSES, LIVESTOCK, DOGS & CATS

NET CONTENTS: 8 FL OZ (237 ML)

PuriShield[™] Barrier Spray is a unique, veterinarian recommended invisible liquid bandage exclusively formulated with Purifect[™] Technology. Purifect[™] Technology supports the body's naturally occurring immune response to serve as the first line of defense in helping your horse heal his wounds. PuriShield[™] Barrier Spray supports normal tissue regeneration and helps to minimize scarring of unsightly conditions. Exclusive liquid bandage technology adheres to the affected area to create a protective barrier, making it ideal for hard-to-bandage areas. Does not damage live, healthy or injured tissue. Contains NO steroids, antibiotics, alcohol or harsh chlorine. Non-toxic, non-irritating, non-stinging and non-staining.

Indications: For the management of infected wounds, open wounds, cuts, abrasions, minor lacerations, scratches (dew poisoning, greasy heel, mud fever), scrapes, bite and kick wounds, saddle sores, girth galls, burns, cracked heels, rashes, post-surgical sites and mouth sores from bits.

Ingredients: Cholan-24-oic acid, 3,7,12-tris(3-amino-1-oxopropoxy)-octyl ester (3 α ,5 β ,7 α ,12 α) - (Purifect Technology) 0.04%

Inactive Ingredients: Water, Methacryloyl Ethyl Betaine/Acrylates Copolymer, Ethoxydiglycol, PEG-8/SMDI Copolymer

Storage: Store at room temperature. Efficacy is unaffected by exposure to sunlight or freezing.

Directions for Use: Gently remove excess dirt and debris from the wound area. Remove plastic cap. Apply PuriShield[™] Barrier Spray liberally to affected area once or twice daily, or as often as needed, until healing takes place. Spray from a distance of 2 to 4 inches. Do not rinse or wipe off; allow spray to dry naturally.

For external use only. In case of deep puncture wounds or serious burns, consult a veterinarian. If redness, irritation or swelling develops, discontinue use and contact your veterinarian. Not for human use.

Keep out of the reach of children.
