POPS UP QUICK, KNOCKS DOWN FAST

For use in outdoor areas around dumpsters, schools, clubs, restaurants, theme parks, dining areas, camp sites, animal houses, recreational areas or anywhere flies tend to congregate and are a nuisance or a health hazard.

- Developed at The University of Florida and based on patented science
- Used in conjunction with Maxforce Fly Spot Bait, with its added attraction of the pheromone muscalure (sold separately)
- No power supply needed
- Can be used outdoors or limited indoor use
- Flexible and easy to assemble
- Can be suspended or attached flat to surfaces such as walls or trees
- Additional attractant can be placed in the body of the trap if desired

- Flies are killed on contact with bait or after ingestion
- 9 1/8" (230mm) H x 5 1/8" (135mm) per side (x3) assembled

Contents

- 5 x Fly-Baiter systems
- 5 x tie lines and securing discs
- 1 x dosing spoon
- 1 x 2fl oz spray applicator bottle
