

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed, inhaled or absorbed through skin. Causes moderate eye irritation. Avoid breathing vapors or spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

**ENVIRONMENTAL HAZARDS**

This product is highly toxic to fish and other aquatic organisms. Drift or runoff may adversely affect fish. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

**PHYSICAL AND CHEMICAL HAZARDS**

Do not use this product in or on electrical equipment due to the possibility of shock hazard.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**Storage:** Keep in a cool, dry area preferably locked and away from children and pets. Do not store below 32°F (0°C). In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with chemical waste.

**Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**Container Disposal:** Non-refillable container. Do not reuse or refill this container. Offer for recycling if available. Clean container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling if available, or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill or by other procedures as approved by state and local authorities.

**FIRST AID**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-231-2966 for emergency medical treatment information.

If swallowed	<ul style="list-style-type: none"> <li>● Call poison control center or doctor immediately for treatment advice.</li> <li>● Have person sip a glass of water if able to swallow.</li> <li>● Do not induce vomiting unless told to do so by the poison control center or doctor.</li> <li>● Do not give anything by mouth to an unconscious person.</li> </ul>
If in eyes	<ul style="list-style-type: none"> <li>● Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>● Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>● Call a poison control center or doctor for treatment advice.</li> </ul>
If inhaled	<ul style="list-style-type: none"> <li>● Move person to fresh air.</li> <li>● If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.</li> <li>● Call a poison control center or doctor for further treatment advice.</li> </ul>
If on skin or clothing	<ul style="list-style-type: none"> <li>● Take off contaminated clothing.</li> <li>● Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>● Call a poison control center or doctor for treatment advice.</li> </ul>

**DIRECTIONS FOR USE:**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**DILUTION/USE RATE**

Dilute before using. When used as a space spray and ultra low volume spray, dilute by adding 1 part of this product to 11 parts of clean water, or 8.6 ounces product to 1 gallon clean water (8.3%). Mix thoroughly prior to application. Repeat treatments after 1 hour as necessary to maintain control.

**WHERE TO USE**

Use as a space spray in horse barns\*, dog kennels, and zoo animal quarters. Do not contaminate feed, food or water. Do not treat areas where food crops are growing. Personnel should vacate containment areas (i.e. horse barns, dog kennels) to be treated while treatment is in progress. Treatment areas should be thoroughly ventilated for at least 1 hour prior to re-entry by personnel. Do not use in commercial food/feed handling establishments, restaurants, or other areas where food is commercially prepared, processed or served.

Use as an outdoor area spray for temporary reduction of listed insects on and around homes, patios, tennis courts, pool areas, beach houses and lawn areas.

**\*Do not apply this product to horses intended for slaughter or human consumption. Do not apply this product in horse barns (stables) where horses intended for slaughter or human consumption will be maintained.**

**NOTE: Not registered for use in Residential Automatic Mosquito Misting Systems in the State of New York.**

**APPLICATION DIRECTIONS**

To apply as a space spray, use mechanical (Non-Thermal) spray equipment such as Pyranha Automatic Space Spray System. Adjust nozzles to deliver a fine mist to the entire treatment area at a rate of 1 ounce diluted product per 1,000 cubic feet of area. Do not install within 3 feet of air ducts. Foods must be removed or covered during treatment. Do not use where people will be continuously exposed.

When used as an ultra low volume spray to outdoor area sites, apply the diluted product at a rate of 6 to 12 fl.oz. per 1,000 sq.ft. of area. This product may be applied with non-thermal application equipment including portable back pack sprayers, vehicle mounted non-thermal ULV equipment, LECO ULV Cold Aerosol Generator, Microgen, Curtis, London Aire or other application equipment designed for ULV aerosol generation. Direct the diluted spray into tall grass, shrubbery and around lawns where these pests may hover or rest. Apply when the air is still and avoid wetting foliage. Do not apply when wind speeds exceed 10 mph. Do not apply directly to open water. Do not apply within 100 feet of lakes and streams. Do not allow spray treatments to drift to ornamental ponds, pasture lands, cropland, poultry ranges, or water supplies. Repeat treatments after 1 hour as necessary to maintain control of nuisance pests. Do not make applications during rain. Application is prohibited directly into sewers or drains or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow product to enter any drain during or after application.
