Pramex Long Lasting Insecticidal Net

- Lightweight
- Ready to Use
- Repels Mosquitoes on Contact
- Ready Treated
- No Odor

Pramex Long Lasting Insecticidal Nets are ready treated and have no odor. The nets provide a physical barrier to mosquitoes, house flies and other flying insects.

Easy to use – just hang it up. Perfect for use by the entire family.

Pramex Long Lasting Insecticidal Nets provide protection from biting mosquitoes and wide mesh netting provides excellent ventilation.

Ideal for campers, hunters, hikers, backpackers and travelers. Works night and day.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Hang netting up above the bed or area to be protected by suspending each corner. If using over a bed, tuck the lower edge of the netting under the mattress to ensure a tight fit to prevent mosquitoes and other flying insects from entering, otherwise ensure that the base of the netting is in complete contact with the ground.

If netting becomes dirty, wash separately from other items in warm water and allow to dry in shady area. Avoid sunlight when drying. Do not dry clean. Dry cleaning removes the active ingredient.

Do not use for purposes other than originally intended. Do not re-treat netting with other permethrin insect repellent products.

STORAGE AND DISPOSAL

When not in use, store net in a cool, dry place away from children and direct sunlight. Discard of outer packaging and net in trash when net is worn out.

Hand Wash

Air dry

Do not
tumble dry

Do not
iron

Do not
bleach

Do not
dry clean

NOTE: After hanging the Pramex Long Lasting Insecticidal Net wash hands before eating. Keep plastic bag away from children. Keep outside bag for complete directions for use and for net storage.
