

- Just place in standing water
- Each Mosquito Torpedo® treatment provides 60 days of protection
- No float design
- No unsightly debris
- Won't harm humans, animals, fish or vegetation when used as directed

ACTIVE INGREDIENT: (S)-Methoprene (Dry Weight Basis) (CAS# 65733-16-6) 8.62%

KEEP OUT OF REACH OF CHILDREN

See back panel for additional Precautionary Statements/First Aid

NET WEIGHT: 0.95 OZ. (27g)

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Introduction: Pre-Strike Mosquito Torpedo (Mosquito Torpedo) is an easy and effective way to kill developing mosquitoes in standing water before they become breeding, biting adults. With just one bite, adult mosquitoes may transmit West Nile virus and other viruses that can cause encephalitis in both people and animals. They may also transmit heartworm disease to dogs and cats. Mosquito Torpedo* slowly and continuously releases an Insect Growth Regulator into water that prevents adult mosquito development for up to two months, For larger sites requiring application of two Mosquito Torpedoes, an additional package will be required for 300 day control. Mosquito larvae exposed to treated water will die in the pupal stage before they reach adulthood.

How to Apply: Simply place Mosquito Torpedo® in standing water where mosquitoes may breed. Remove only enough product from the package for immediate use. For best results, apply Mosquito Torpedo® before the beginning of the mosquito season, and continue as directed below in the Application table.

| Application Site Size | | | Application | Frequency of |
|-----------------------|------------------------|-----------------------|----------------------|---|
| Sq Ft | Gallons | Water Depth | Rate | Application |
| < 100 | < 1500 (may periodi | < 2 ft cally dry out) | 1 Mosquito Torpedo* | Reapply when product has dissolved |
| < 100 | < 1500 (does no | < 2 ft t dry out) | 1 Mosquito Torpedo® | Reapply on 60 day cycle throughout mosquito seasor |
| > 100 | > 1500 | > 2 ft | 2 Mosquito Torpedoes | Reapply on 60 day cycle throughout mosquito season |

Application Sites: Mosquito Torpedo* controls mosquitoes in water-holding receptacles and standing water sites around your home. Apply this product as a preventative measure (pre-flood treatment) to application sites before they fill with water. Mosquito Torpedo* may also be used in sites that intermittently fill with water. It will begin releasing its active ingredient into water as soon as it becomes wet. and will remain effective for up to two months when continuously immersed in water. Do not apply to water that may drain into public waterways, such as streams or lakes.

Examples of application sites include, but are not limited to:

Bird baths Water gardens Unused swimming pools or spas Roof gutters Tree holes Old tires Rain barrels Pool covers Garbage cans Ornamental fountains Wheelbarrows Flowerpots or planters

Privately-owned ponds Flooded areas Animal watering troughs Man-made depressions Any other water-holding container Standing water in your yard

STORAGE & DISPOSAL: Storage: Store in cool, dry place. Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain

PRECAUTIONARY STATEMENTS - HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION: Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

Call a poison control center or doctor for treatment advice.

If in eyes • Hold eye open and rinse slowly and gently with water for 15-20 minutes, • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eve.

If on skin or clothing • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-765-4513 for emergency medical treatment information.

ENVIRONMENTAL HAZARDS: Do not apply to water that drains into public waterways.

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. To the extent permitted by law, Buyer assumes all risks of use and handling of this material when such use and handling are contrary to label
