

PRODOXABEN SC

HERBICIDE

Prodoxaben SC is a selective combination pre-emergent herbicide for the control of grass and broadleaf weeds in established turfgrasses.

Benefits include:

- Broad spectrum weed control for established turfgrasses, lawns and landscape ornamentals.
- Applied year round
- Stops weeds at germination - before they grow
- Controls over 150 weeds

Weeds Controlled

Partial list of weeds controlled: Annual Bluegrass (Poa Annua), Barnyardgrass, Crabgrass, Dandelion, Woolly Cupgrass, Annual Foxtail, Goosegrass, Henbit, Itchgrass, Johnsongrass (from seed), Knotweed, Lovegrass, Pigweed, Common Purslane, Rescuegrass, Sprangletop, Witchgrass, Yellow Woodsorrel (from seed)

Use sites

Established turfgrasses (excluding golf course putting greens), lawns and ornamentals, conifer and hardwood seedling nurseries, non-crop areas including rights-of-way for transportation systems and utilities (such as roadways, roadsides, railways, and equipment yards), facilities including substations, tank farms, pumping stations, parking and storage areas, non-grazed fence rows, and Christmas tree farms

Active Ingredients

23.3% Prodiamine
15.5% Isoxaben

Packaging

2 x 1 Gallon

HRAC Groups

3 & 21

Always read and follow product label directions.
