

ferti·lome[®]

10830

Rose Food

Designed for Roses to provide the right nutrients to produce green leaves and essential new growth on which new blooms develop.

Contains 14% Nitrogen for green growth, producing more and bigger canes, stems and leaves; 12% Phosphorus for root growth and increased flower production; 11% Potash to promote vigorous growth so plants are better able to resist disease and cold; and micronutrients for added color.

UPC Number 7-32221-10830-1

4 lbs 35 cases per pallet

Application Rates:

Apply monthly during the growing season.

Rose beds: Spread 2-3/4 lbs. evenly over 100 sq. ft.
