

CrawlGuard™ Sump Pump Kit

CrawlGuard™ Sump Pump Kit:

The CrawlGuard Sump Pump Kit includes a heavy duty sump pump (2 year manufacturer's warranty) and a 15 gallon radon-approved basin. The CrawlGuard Sump Pump Kit features:

- Deep-finned powder coated aluminum motor housing provides 225% more cooling capacity than cast iron
- Vertically mounted float switch to ensure accurate engagement
- Sump pump is plumbed to, and includes, a check valve
- Sump pump basin lid has a 1 1/2" outlet for water discharge - large enough for efficient pumping (45 gallons per minute) and a 3" vent hole for venting radon gas and odors to the outdoors
- 15 gallon basin with an "Anti-Float" plate mounted on the bottom to prevent hydrostatic water pressure from pushing the basin out of the ground in areas with high water tables

Part Number: 4032080

Kit Includes: Heavy-Duty Sump Pump, 15 Gallon Sump Basin, Check Valve and PVC Discharge

Sump Motor: 1/3 hp 3450 RPM 115V 60 HZ

Dimensions: 10.5"H x 9.6"W (pump)

Deep Finned Powder Coated Aluminum Motor Housing. Provides 225% more cooling capacity than cast iron housings!

CrawlGuard™ Sump Pump Motor:

- Polypropylene base and vortex style impeller permits passage of solids without clogging
- Stainless steel rotor shaft
- All fasteners – non-corrosive stainless steel
- Oil-filled, hermetically sealed motors with thermal overload protection
- Permanently lubricated upper and lower bearings
- Quick-disconnect 10' standard power cord allows replacement of cord in seconds without breaking seals to motor. (25' length optional)
- Removable base allows suction down to 1/8"

**1/3 hp
1-1/2" Discharge
3/8" Solids Handling**

Santa Fe Crawspace Alert:

The Santa Fe Crawspace Alert is installed to work in conjunction with a Santa Fe Dehumidifier to continuously monitor a variety of conditions in the crawspace. This advanced moisture monitoring system alerts the homeowner at the first sign of high humidity levels - giving them 24/7 peace of mind. If the Crawspace Alert detects an issue, the orange warning lamp will light signaling the homeowner to contact their pest control professional. In the event that the condensate pump switch is tripped for any reason, the Crawspace Alert will automatically turn the dehumidifier off in order to prevent water from overflowing into the crawspace.

Part Number: 4030280
Dimensions: 10"H x 6.2"W x 3"D
Weight: 8 lbs.

Santa Fe Condensate Pump Kit:

Santa Fe Condensate Pump Kit comes equipped with a 6' power cord and a 20' condensate hose. With the Santa Fe condensate pump, condensate can easily and automatically be pumped to a remote location. Constructed out of high temperature, acid resistant high-impact ABS plastic, this durable condensate pump features a unique bearingless motor for greater reliability and longer life.

Part Number: 4022220
Dimensions: 4.75"H x 5"W x 11"L
