

# Magnesium Sulfate Safety Data Sheet

According to the Hazard Communication Standard (29 CFR 1910.1200)

# **SECTION 1: Product and Company Identification**

Product identifier Magnesium sulfate

Other means of identification None Synonym(s) None

**Recommended use** Agriculture fertilizer

**Recommended restrictions** None known.

**Company** Southern Agricultural Insecticides, Inc.

P.O. Box 218

Palmetto, FL 34220

**Company Telephone/Fax:** (941) 722-3285/(941) 723-2974 **Emergency Telephone Number:** (800) 424-9300 (CHEMTREC)

# SECTION 2: Hazard(s) Identification

# GHS Classification in accordance with 29 CFR 1910 (OSHA HCS)

Not a hazardous substance or mixture.

# GHS Label elements, including precautionary statements

Not a hazardous substance or mixture.

Hazards not otherwise classified (HNOC) or not covered by GHS

no data available

#### **SECTION 3: Composition/Information on Ingredients**

#### **Substances**

Chemical name: Sulfuric acid magnesium salt (1: 1), monohydrate

Common name: Magnesium sulfate monohydrate

CAS No. 14168-73-1

ECNo. -

# **Hazardous components**

Component Classification Concentration

Sulfuric acid magnesium salt (1: 1), none -

monohydrate

All intentionally added ingredients are either listed on TSCA or are exempt from listing.

#### **SECTION 4: First-aid Measures**

# **Description of necessary first-aid measures**

#### General advice

Consult a physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.

Page I of 6

#### If inhaled

Remove from exposure. In severe cases, or if recovery is not rapid or complete seek medical attention.

#### In case of skin contact

Rinse with plenty of water. Remove contaminated clothing and wash before reuse. If irritation persists seek medical attention.

# In case of eye contact

Irrigate thoroughly with water for at least 10 minutes. Obtain medical attention.

#### If swallowed

Wash out mouth with water. Do not induce vomiting. If patient is conscious, give water to drink. If patient feels unwell seek medical attention

# Most important symptoms and effects, both acute and delayed

The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11.

# Indication of immediate medical attention and special treatment needed

no data available

# **SECTION 5: Fire-fighting Measures**

# Extinguishing media

#### Suitable extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

# Specific hazards arising from the chemical

Sulphur oxides, Magnesium oxide

# Special protective equipment and precautions for firefighters

Wear self contained breathing apparatus for fire fighting if necessary.

#### **SECTION 6: Accidental Release Measures**

Personal precautions, protective equipment and emergency procedures

Avoid dust formation. Avoid breathing vapors, mist or gas. For personal protection see section 8.

#### **Environmental precautions**

Do not let product enter drains.

#### Methods and materials for containment and cleaning up

Sweep up and shovel. Keep in suitable, closed containers for disposal.

# **SECTION 7: Handling and Storage**

# Precautions for safe handling

Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.

# Conditions for safe storage, including any incompatibilities

Keep container tightly closed in a dry and well-ventilated place. Keep in a dry place.

#### **SECTION 8: Exposure controls/personal protection**

#### **Control parameters**

# Components with workplace control parameters

Contains no substances with occupational exposure limit values.

# Appropriate engineering controls

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

# Individual protection measures, such as personal protective equipment

# **Eye/face protection**

Face shield and safety glasses Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

# Skin protection

Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands. If used in solution, or mixed with other substances, and under conditions which differ from EN 374, contact the supplier of the CE approved gloves. This recommendation is advisory only and must be evaluated by an industrial hygienist and safety officer familiar with the specific situation of anticipated use by our customers. It should not be construed as offering an approval for any specific use scenario.

# **Body Protection**

Complete suit protecting against chemicals, the type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

# Respiratory protection

Where risk assessment shows air-purifying respirators are appropriate use a full-face particle respirator type NI00 (US) or type P3 (EN 143) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

#### **SECTION 9: Physical and chemical properties**

Appearance: Form: powder Color: white Page 3 of 6

Odor:
Odor threshold:
pH:
Melting point/freezing point:
Initial boiling point and boiling
no data available
no data available
150°C (302 OF)
no data available

range:

Flash point:

Evaporation rate:

Flammability (solid, gas):

Upper/lower flammability or

no data available
non flammable
no data available

explosive limits:

Vapor pressure: no data available Vapor density: no data available

Relative density: 2.57 g/rnl, at 25°C (77 OF)

Solubility(ies): no data available Partition coefficient no data available

n-octanol/water:

Auto-ignition temperature: no data available Decomposition temperature: 150°C (302 OF) Viscosity: no data available

# **SECTION 10: Stability and Reactivity**

Reactivity no data available
Chemical stability no data available
Possibility of hazardous reactions no data available

Conditions to avoid Heat.

**Incompatible materials** Strong oxidizing agents

Hazardous decomposition products no data available

# **SECTION 11: Toxicological Information**

# Information on toxicological effects

Acute toxicity:

Oral: no data available no data available Dermal: no data available

Other information on LD50 Subcutaneous - rat - 1200 mg/kg

acute toxicity:

**Skin corrosion/irritation:** no data available

Serious eye damage/irritation: Effects on Newborn: Growth statistics (e.g., reduced weight gain).

Effects on Newborn: Physical.

Respiratory or skin sensitization: no data available Germ cell mutagenicity: no data available

Carcinogenicity:

IARC: No component of this product present at levels greater than or equal to 0.1

is identified as a known or anticipated carcinogen by IARC

**OSHA:** No component of this product present at levels greater than or equal to 0.1

is identified as a carcinogen or potential carcinogen by OSHA.

Page 4 of 6

**NTP**: No component of this product present at levels greater than or

equal to 0.1 is identified as a known or anticipated carcinogen

by NTP.

Reproductive toxicity:

STOT -single exposure:

STOT-repeated exposure:

Aspiration hazard:

no data available
no data available
no data available

# **SECTION 12: Ecological Information**

# **Toxicity**

Toxicity to fish
Toxicity to daphnia and other aquatic invertebrates:
Toxicity to algae:
Toxicity to microorganisms:

Persistence and degradability
Bioaccumulative potential

no data available no data available no data available no data available

SECTION 13: Disposal Considerations

Other adverse effects

**Product** Offer surplus and non-recyclable solutions to a licensed disposal company.

no data available

**Contaminated packaging** Dispose of as unused product.

# **SECTION 14: Transport Information**

DOT (US) Not dangerous goods.IMDG Not dangerous goods.IATA Not dangerous goods.

**SECTION 15: Regulatory Information** 

# **TOXIC SUBSTANCE CONTROL ACT (TSCA) Inventory**

Listed or exempted.

# SARA Title III (EPCRA) 302 Components

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

# SARA Title III (EPCRA) 313 Components

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

#### SARA 311/312 Hazards

Chronic Health Hazard.

# California Prop. 65 Components

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

#### **US State Regulations**

New Jersey Right To Know - Right to Know Hazardous Substance List (RTKHSL) Not listed.

- Massachusetts Right To Know MASSACHUSETTS SUBSTANCE LIST (MSL)
- Pennsylvania RTK HAZARDOUS SUBSTANCE LIST

Not listed.

# **SECTION 16: Other Information**

# **Training Advice**

Provide sufficient information, guidance and training to operating personnel.

The information above is believed to be accurate and represents the best information currently available to us. However, we make no warranty of merchantability or any other warranty, express or implied, with respect to such information, and we assume no liability resulting from its use. Users should make their own investigations to determine the suitability of the information for their particular purposes. In no event shall Southern Agricultural Insecticides, Inc. be liable for any claims, losses, or damages of any third party or for lost profits or any special, indirect, incidental, consequential or exemplary damages, howsoever arising, even if Southern Agricultural Insecticides, Inc. has been advised of the possibility of such damages.
