

SALVO®

FLEA & TICK COLLAR FOR DOGS

PROPRIETARY TRIPLE-CLASP SYSTEM WITH PEEL-AWAY COMFORT STRIP

SALVO® PROTECTS AGAINST FLEAS FOR UP TO 12 MONTHS*

Easy-to-use Salvo® flea and tick collar quickly and effectively protects dogs from fleas and ticks. Fleas on the dog are killed and fleas in the dog's environment that may appear on your dog will be killed. Salvo will also kill ticks, including Brown dog tick (*Rhipicephalus sanguineus*), American dog tick (*Dermacentor variabilis*), and deer ticks (*Ixodes scapularis* and *Ixodes pacificus*), which may carry Lyme disease.

The odorless Salvo collar is specially formulated using insecticide release technology which works with the natural oils in your dog's skin to distribute the active ingredients over the dog's body. The collar should be worn continuously. Replace collar every six months.

KILLS FLEAS

KILLS TICKS

WATERPROOF

TIME RELEASE FORMULA

How To Apply: Remove the collar from its packaging, separate the Peel-Away Comfort Strip and place in the trash. Place the collar around dog's neck and buckle in place with the main clasp. Feed excess collar through the remaining two clasps for extra hold and a clean fit. Adjust the collar for a snug fit to create contact between the collar and the dog's hair/coat for better product release and diffusion. A properly fitted collar will allow two fingers to be placed between the collar and dog's neck. The elasticity of the collar is designed to stretch in the event that the dog becomes entangled. Leave an excess of 1-2 notches past the last clasp. Adjust periodically for growing dogs. Cut off and dispose of excess length. Wash hands after placing collar on dog. Replace collar every 6 months.

*Package contains two collars. Replace collar every six months. Two collars will protect your dog for up to a year.

EASY TO USE

Apply one Salvo collar every 6 months for continuous flea and tick protection. Just two collars protect your dog for up to a year.

Proprietary Triple Clasp System

Peel-Away Comfort Strip easily pulls away to create a smooth surface for a comfortable fit
