

# Spectro® 90<sup>WDG</sup>

FUNGICIDE

## TWO ACTIVE INGREDIENTS FOR POWERFUL CONTROL.

Spectro® 90 WDG fungicide is a combination of two proven broad-spectrum actives. Both have contact and systemic properties to provide preventive and curative control to many devastating plant diseases. Spectro controls more than 65 diseases on more than 110 ornamental species, including annual and perennial flowers, bedding plants, groundcovers, trees and shrubs.

### COMPETITIVE ADVANTAGES

#### EASY-TO-USE BROAD-SPECTRUM CONTROL

- Convenient Pre-Mixed Formula: Combines contact and systemic fungicides for effortless application.
- Rapid Action: Provides immediate protection by halting germinating spores and stopping mycelium growth on contact.
- Proven Control: Offers persistent systemic curative effects against diseases.
- Resistance Management: Acts as a rotational partner in managing resistance with two modes of action.
- Comprehensive Disease Control: Effective against a wide range of ornamental diseases.
- Tank-Mix Compatible: Easily mixes with most commonly used pesticides for added convenience.
- Chemigation: application through irrigation systems.

### AT-A-GLANCE INFO

EPA REG. NO.	1001-72
ACTIVE INGR.	chlorothalonil (72%), thiophanate-methyl (18%)
FORMULATION	water dispersible granules
CHEM. FAMILY	chloronitrile, benzimidazole
FRAC NO.	1 and M5
REI	12 hours
PACKAGE SIZE	5 lb (4 per case)
APPLICATION	spray, drench

-  CONTAINER-GROWN NURSERY
-  GREENHOUSE
-  DANGER

## TWO ACTIVE INGREDIENTS FOR POWERFUL CONTROL.

### KEY USES

More than 110 ornamental species including:  
Annual and perennial flowers  
Bedding plants  
Foliage plants  
Groundcovers  
Deciduous and evergreen trees and shrubs

### KEY DISEASES CONTROLLED

(See product label for complete list)

Actinopelte leaf spot  
Alternaria leaf spot, leaf blight  
Anthracnose  
Ascochyta blight  
Bipolaris (Helminthosporium) leaf spot  
Black spot of rose  
Botrytis flower spot, flower blight  
Botrytis leaf spot, leaf blight  
Cephalosporium leaf spot  
Cercospora leaf spot  
Cercosporidium leaf spot  
Colletotrichum leaf blotch, leaf spot, blights  
Corynespora leaf spot  
Coryneum blight, shothole  
Curvularia flower spot  
Cylindrosporium leaf spot  
Dactylaria leaf spot  
Didymellina leaf spot  
Drechslera leaf spot, ink spot  
Exobasidium leaf blister  
Entomosporium (Fabraea) leaf spot  
Fusarium leaf spot  
Gloeosporium black leaf spot  
Marssonina leaf spot  
Monilinia blossom blight, twig blight  
Mycosphaerella ray blight  
Myrothecium leaf spot, brown rot  
Nematostoma leaf blight  
Ovulinia flower blight  
Phylloticta leaf spot  
Phytophthora aerial blight  
Ramularia leaf spot  
Rhizoctonia web blight  
Rhizopus blossom blight  
Sclerotinia flower blight  
Septoria leaf spot  
Sphaeropsis leaf spot  
Stagonospora leaf scorch  
Taphrina leaf blister  
Volutella leaf blight

### USE SUMMARY

Apply Spectro® 90 WDG at a rate of 1.0 to 2.0 pounds per 100 gallons of water unless other directions are given. For best results use spray mixture the same day it is prepared. Spray uniformly over the area to be treated with a properly calibrated power sprayer, apply as a full coverage spray to run-off when conditions are favorable for disease development. Application should be made to plants when both foliage and flowers are dry, or nearly dry. Spectro can provide both curative and preventive action. Use the highest recommended rate and shortest application interval under conditions of severe disease pressure.

#### RATES: MAXIMUM INDIVIDUAL APPLICATION RATES

Ornamentals.....	2.15 lbs/A
Roses.....	1.53 lbs/A
Pachysandra.....	4.31 lbs/A
Conifers.....	5.7 lbs/A
Conifers Seed Beds.....	5.7 lbs/A

See product label for complete directions for use.

### PRECAUTIONS AND RESTRICTIONS

Do not use mistblower or high-pressure spray equipment when making applications in greenhouses.

Do not use this product on plants bearing fruit and other parts or structures that may be eaten.

Do not apply when wind speed favors spray drift beyond the area intended for treatment.

See product label for complete application precautions and restrictions.
