

SureKill® Command

Product Numbers: 116835, 116836

Key Features

Command Blocks

- All-weather formulation reduces the risk of ruined bait
- Food grade ingredients including grains and seeds provide an irresistible formulation for effective control in most environments
- Ridges on 1 oz blocks encourage gnawing and improves consumption

Command Place Packs

- Place packs offer a convenient no-touch bait placement for hard to reach areas
- Pellets inside packs are formulated with food grade material to improve palatability

Product Description

SureKill®'s Command Blocks and Place Packs* contain the active ingredient bromadiolone, a single-feed, second generation anticoagulant, providing excellent control in less time after a lethal dose is consumed. This all-weather formulation reduces the risk of ruined bait, while food grade ingredients provide an irresistible formulation for effective control in most environments, whether for maintenance or during clean out. For indoor and outdoor control of rats, mice, and other non-commensal rodents.

**Not permitted for use against the following in California: Cotton rat, Eastern harvest mouse, Golden mouse, Meadow vole, Mexican woodrat, Polynesian rat, Southern plains woodrat, and White throated woodrat.*

Purpose

With superior weatherability and food-quality ingredients, SureKill rodenticides provide excellent control quickly and effectively without the need to use large amounts of bait. They are convenient for both indoor and outdoor everyday use to control rats, mice and other rodent populations.

Please see this product's entire label and follow all use directions and use precautions. Use only for the sites, pests, and application methods described on the product label. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
