THI-A-TONE

B1 Supplement

Thi-A-Tone is a palatable cherry-flavored supplement for use in horses of all ages whenever supplemental Thiamine (Vitamin B1) is needed. Thiamine has shown to aid in calming a horse in stressful situations such as training, competition or transportation.

DIRECTIONS

Horses in training or competition: Use 2 ounces once or twice daily as needed.

Horses not in training: Use 1 ounce daily as needed.

Amount and frequency may be varied as necessary. Store in cool, dry place. Shake well before each use.

GUARANTEED ANALYSIS

	<u>Per 2 OZ.</u>	<u>Per LB.</u>
Thiamine Hydrochloride	1000 mg.	16,000 mg.

INGREDIENTS

Water, Thiamine Hydrochloride (Source of Vitamin B1), Sodium Benzoate (a Preservative), Natural and Artificial Flavoring Agents and FD&C Color added.
