TAILSPIN®

Fast. Flexible. Responsible.

Mode of Action

Tailspin is a water-based insecticide formulated with essential oil actives and sodium lauryl sulfate that rapidly disrupt insect cellular membranes on contact.

Where to Use It

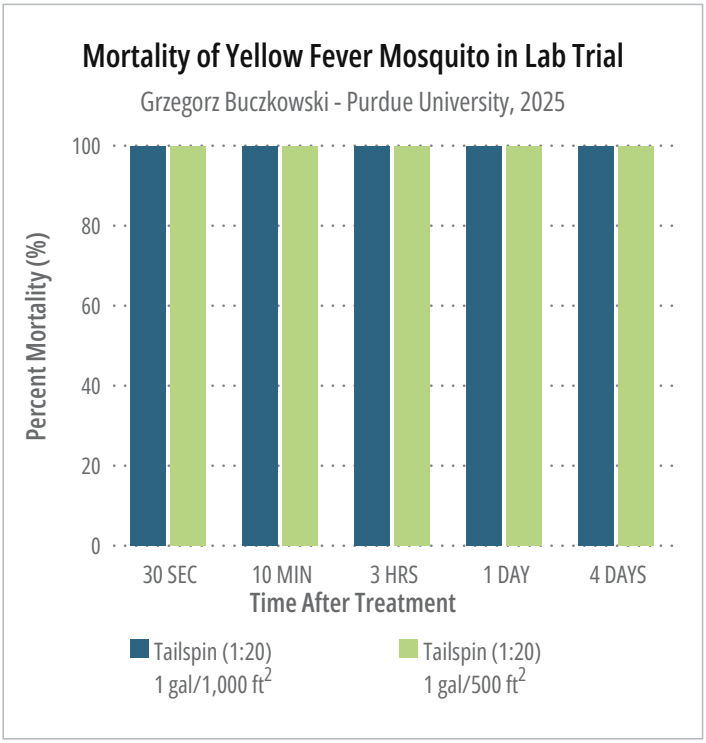

For outdoor residential and commercial turf and ornamental areas, including homes, schools, patios, public spaces, horse barns, golf courses, parks and recreational areas.

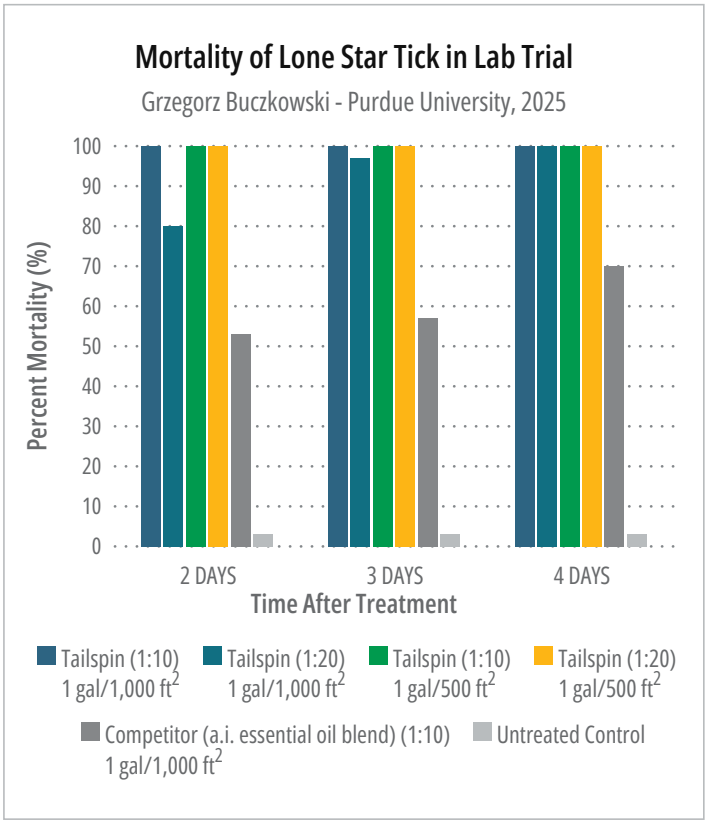

Where to Target

Apply to shrubs, bushes, trees, lawns, wood piles and vegetation near bodies of water, as well as shaded and moist areas where mosquitoes and ticks rest or harbor.

Application Flexibility

May be applied with hand-held, hose-end or backpack sprayers, fogging equipment, misting systems and automated spray systems. The water-based formulation is non-staining, has no unpleasant odor and is FIFRA 25(b) exempt.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read and follow all applicable directions and precautions on the label before using.

Not registered in all states. Check with your state regulatory agency for compliance.
