

TANDEM PRO 2000CV

COMMERCIAL STEAM CLEANER WITH CSS AND WET AND DRY VACUUM CLEANER

The Tandem Pro is a multi-use cleaning unit. It functions as a steam cleaner and steam extractor as well as a wet/dry vacuum. The Tandem Pro is an ideal chemical-free alternative for cleaning and sanitizing all surfaces encountered in commercial cleaning settings yet has the option of using a non-toxic degreasing detergent, making it the ultimate commercial cleaning machine.

Steam deodorizes and sanitizes with heat and moisture. Steam in conjunction with the vacuum function allows the Tandem Pro to reduce time associated with steaming alone and waste materials like paper towels and cleaning cloths. The Tandem Pro implements leading edge technology and accessories designed for cleaning professionals.

SPECIFICATIONS

ELECTRICAL	110V / 120V	
WATER CAPACITY	1.85 GAL	7L
OPERATING PRESSURE	87 PSI	6 BAR
WATTAGE	1750W
