pet  kelp® formula

LIMITED INGREDIENT SUPERFOOD SUPPLEMENT

**SKIN & COAT**

For over 400 years, fishermen and farmers along the rugged, Nova Scotia coast have fed their pets hand-harvested kelp from the icy Northern sea waters. They credited their pet's good health to the nutrients found in kelp. The Missing Link® Pet Kelp® Skin & Coat formula combines the natural benefits of organic kelp with Omega 3, 6 and 9 from organic flaxseed. These superfood ingredients combine to support your dog's skin, coat, hardiness and overall happiness.
