TurfVantage Humic LC	
4.2. Most important symptoms and effect	cts, both acute and delayed
Symptoms/injuries after inhalation	: May cause respiratory irritation.
Symptoms/injuries after skin contact	: May cause skin irritation.
Symptoms/injuries after eye contact	: Direct contact with the eyes is likely to be irritating.
Symptoms/injuries after ingestion	: May cause gastrointestinal irritation.
<b>4.3.</b> Indication of any immediate medica No additional information available	I attention and special treatment needed
SECTION 5: Firefighting measures	
5.1. Extinguishing media	
Suitable extinguishing media	: Carbon dioxide. Dry powder. Foam.
5.2. Special hazards arising from the sul	bstance or mixture
Fire hazard	: Product is not flammable.
Explosion hazard	: Product is not explosive.
Reactivity	: No dangerous reactions known under normal conditions of use.
5.3. Advice for firefighters	. Une water environ for for cooling surgered containers. Eventies couling when fighting one
Firefighting instructions	: Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Do not dispose of fire-fighting water in the environment. Prevent human exposure to fire, fumes, smoke and products of combustion.
Protection during firefighting	: Do not enter fire area without proper protective equipment, including respiratory protection.
SECTION 6: Accidental release mea	sures
6.1. Personal precautions, protective eq	uipment and emergency procedures
General measures	: Evacuate area. Keep upwind. Ventilate area. Spill should be handled by trained clean-up crews properly equipped with respiratory equipment and full chemical protective gear (see Section 8).
6.1.1. For non-emergency personnel	
Protective equipment	: Wear Protective equipment as described in Section 8.
Emergency procedures	: Evacuate unnecessary personnel.
6.1.2. For emergency responders	
Protective equipment	: Wear suitable protective clothing, gloves and eye or face protection. Approved supplied-air respirator, in case of emergency.
6.2. Environmental precautions	
Prevent entry to sewers and public waters. Notify	y authorities if liquid enters sewers or public waters. Avoid release to the environment.
6.3. Methods and material for containme	ent and cleaning up
For containment	: Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams. Sweep or shovel spills into appropriate container for disposal.
Methods for cleaning up	: Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Wash spill area thoroughly with plenty of soap and water. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13).
6.4. Reference to other sections	
No additional information available	
SECTION 7: Handling and storage	
7.1. Precautions for safe handling	
Precautions for safe handling	Do not handle until all safety precautions have been read and understood. Avoid contact with skin, eyes and clothing. Provide good ventilation in process area to prevent formation of vapor. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.
7.2. Conditions for safe storage, including	ng any incompatibilities

Storage conditions

: Store in dry, well-ventilated area. Keep container closed when not in use.

SECTION 8: Exposure controls/personal protection			
8.1.	Control parameters		
8.2.	Exposure controls		
Approp	riate engineering controls	<ul> <li>Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Use explosion-proof equipment with flammable materials. Ensure adequate ventilation, especially in confined areas.</li> </ul>	

repeated contact could M F1296. Suggested glove thyl vinyl alcohol laminate, ecommended by the glove
t with eyes.
nimize bodily exposure.
st, or dust exceed PELs or e equipment.

# SECTION 9: Physical and chemical properties

# 9.1. Information on basic physical and chemical properties

Physical state	: Liquid
Color	: Dark brown. Black.
Odor	: No data available
Odor Threshold	: No data available
рН	: 9.5 - 10.5
Relative evaporation rate (butylacetate=1)	: No data available
Melting point	: No data available
Freezing point	: No data available
Boiling point	: 100 °C (212 °F)
Flash point	: Nonflammable (T.C.C.)
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Flammability (solid, gas)	: No data available
Vapor pressure	: Same as water
Relative vapor density at 20 °C	: No data available
Relative density	: 1.01 - 1.03
Solubility	: Water: 99 %
Log Pow	: No data available
Log Kow	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Explosive limits	: No data available
0.2 Other information	

#### 9.2. Other information

No additional information available

## **SECTION 10: Stability and reactivity**

10.1. Reactivity

No dangerous reactions known under normal conditions of use.

#### 10.2. Chemical stability

Stable under recommended handling and storage conditions (see section 7).

# 10.3. Possibility of hazardous reactions

None known.

#### 10.4. Conditions to avoid

None known.

#### 10.5. Incompatible materials

Strong oxidizing agents.

#### 10.6. Hazardous decomposition products

Carbon oxides (CO, CO2). Sulfur oxides. Hydrocarbons.

# **SECTION 11: Toxicological information**

**SECTION 12: Ecological information** 

11.1. Information on toxicological effects	
Acute toxicity	: Not classified
Skin corrosion/irritation	: Not classified
Serious eye damage/irritation	: Not classified
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: Not classified
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified
Symptoms/injuries after inhalation	: May cause respiratory irritation.
Symptoms/injuries after skin contact	: May cause skin irritation.
Symptoms/injuries after eye contact	: Direct contact with the eyes is likely to be irritating.
Symptoms/injuries after ingestion	: May cause gastrointestinal irritation.

12.1.	Toxicity	
Ecology	- general	No information available.
12.2.	Persistence and degradability	
LIQUIE	CARBON	
Persist	ence and degradability	No information available.
12.3.	<b>Bioaccumulative potential</b>	
No additi	ional information available	
12.4.	Mobility in soil	
No additi	ional information available	
12.5.	Other adverse offects	
-	Other adverse effects ional information available	
SECTI	ON 13: Disposal considerations	j
13.1.	Waste treatment methods	
Waste tre	eatment methods	Do not discharge to public wastewater systems without permit of pollution control authorities. No discharge to surface waters is allowed without an NPDES permit.
Waste di	isposal recommendations	Dispose in a safe manner in accordance with local/national regulations. Do not allow the product to be released into the environment.
SECTI	ON 14: Transport information	
In accord	dance with DOT	
Not haza	ardous for transport	
Addition	nal information	
Other inf	ormation	No supplementary information available.
Transpo	ort by sea	
No additi	ional information available	
Air trans	sport	
	ional information available	
SECTI	ON 15: Regulatory information	
15.1. US	Federal regulations	
LIQUID	CARBON	
All cher	mical substances in this product are listed	in the EPA (Environment Protection Agency) TSCA (Toxic Substances Control Act) Inventory
SARAS	Section 311/312 Hazard Classes	Delayed (chronic) health hazard
Sodiur	n hydroxide (1310-73-2)	
Not list	ed on SARA 313

Sodium hydroxide (1310-73-2)	
CERCLA RQ	1000 lb
<b>15.2. International regulations</b> No additional information available.	
15.3. US State regulations	
California Proposition 65	
This product does not contain any substances know	vn to the state of California to cause cancer and/or reproductive harm.
Sodium hydroxide (1310-73-2)	
U.S Massachusetts - Right To Know List U.S New Jersey - Right to Know Hazardous Subs U.S Pennsylvania - RTK (Right to Know) List	stance List
SECTION 16: Other information	

Indiantian of channes	Devision 4.0: New CDC Created
Indication of changes	: Revision 1.0: New SDS Created.
Revision date	: 07/29/2015
Other information	:
NFPA health hazard	: 1 - Exposure could cause irritation but only minor residual injury even if no treatment is given.
NFPA fire hazard	: 0 - Materials that will not burn.
NFPA reactivity	: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.

HMIS III Rating	
Health	: 1
Flammability	: 0
Physical	: 0
Personal Protection	:

#### **Disclaimer:**

Please be advised that it is your responsibility to inform your employees of the hazards of this substance, to advise them of what these properties mean and be sure they understand exposure information. The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication.

The information presented herein, while not guaranteed, was prepared by competent technical personnel and is true and accurate to the best of our knowledge. No warranty or guaranty, express or implied, is made regarding performance, stability, or otherwise. This information is not intended to be all-inclusive as to the manner and conditions of use, handling, and storage. Other factors may require additional safety or performance considerations. While our technical personnel will be happy to respond to questions regarding safe handling and use procedures, the handling and use remains the responsibility of the consumer. No suggestions are intended as, and should not be constructed as, a recommendation to infringe on any existing patents or to violate any Federal, State, or local laws.
