AccuLytes™ Paste electrolyte provides fast, convenient replacement of vital electrolytes for horses in need of rapid replenishment from the effects of heavy exercise, training, competition and trailering. Formulated by an equine nutritionist, AccuLytes™ Paste encourages healthy water intake year round and under stressful situations.

FEEDING DIRECTIONS: Feed the above amounts of Vita Flex® AccuLytes™ Paste electrolyte per day. Always provide access to water when using this product. May be used up to 12 hours prior to exercise or travel to help minimize electrolyte loss. Best given in approximately 20cc increments to minimize product being "dropped." May be given every 4-6 hours if needed.

INGREDIENT STATEMENT: Lecithin, calcium chloride, salt, magnesium chloride, potassium chloride, potassium citrate, dextrose, sorbitol, xanthan gum, methylparaben (preservative), propylparaben (preservative), natural and artificial flavoring, water.
