This product should not be given to animals intended for human consumption.

If animal's condition worsens or does not improve, stop product administration and consult your veterinarian.

For use in horses only.

Recommended to support the circulatory system.

Vita Flex DMG 3000 is extra concentrated to deliver a minimum of 3,000 mg DMG HCl per ounce, for less filler and easier, more efficient supplementation. DMG is N,N-Dimethylglycine, a naturally occurring ingredient found in low levels in many foods. DMG is an intermediary metabolite, produced within the cells of the body from choline and betaine. DMG's functions as a methyl donor have been the subject of extensive nutritional research. Vita Flex DMG 3000 is a premium quality, affordable source of supplemental dimethylglycine hydrochloride for horses.

Directions for Use:

- Enclosed level scoop holds 1/4 oz (by weight)
- Give 1 scoop (750 mg DMG HCl) twice daily. Give two to three level scoops twice daily beginning 2 to 3 days before and during performance, or as directed by veterinarian. Increase supplementation of large breeds proportionately according to body weight in excess of 1,000 pounds. Severely stressed horses may benefit from additional amounts. Keep cool and dry. Reseal after each use.

Inactive Ingredients:

Calcium silicate, dextrose
