### How to Use It

Shampoo bars are much easier to use than liquid shampoo (think luxurious lather and one hand use!) and they last much longer, too. For a relaxing bathtime, simply wet your pet, hold the bar in your hand, then rub it onto his or her belly, neck and feet. Lather the coat and rinse. For deeper exfoliation and to comfort hot spots and insect bites, lather the coat and massage for a few minutes & rinse.
