NATURAL PRODUCTS

Flea & Tick Control for Yard + Garden | Ready to Use

What Makes It Great

Flea & Tick Control for Yard + Garden ready-to-use solution kills and repels fleas, ticks, mosquitoes & 100s of other pests. This all-in-one spray can be used on lawns, kennels, patios & landscapes. It's a powerful natural alternative to chemical pesticides used to control pests outdoors. Just attach to hose, spray & play!

- Replaces Permethrin & Pyrethroid Yard Products
- Control Fleas, Ticks, Mosquitoes & 100s of Other Pests
- Kills Adults, Eggs, Larvae & Pupae
- Safely Repels 100s of Pests without Harsh Chemicals
- Spray & Play with No Drying Time
- Safe for Plant Life and Safe Around Children & Pets
- 100% Biodegradable & Eco-Friendly
- No Harm to Bees or Beneficial Insects
- Easily refill empty bottle with Yard + Garden concentrate

Why It Works

The active ingredient in Wondercide Flea & Tick products is cedar oil, which has been used for centuries to protect from pests (think Grandma's cedar chest!). Cedar oil works by blocking octopamine, which is necessary to regulate heart rate, movement, and metabolism in "bad bugs" like fleas and ticks. When cedar oil is present in the area, pests are repelled. When contacted by cedar oil, pests die.

How to Use It

To eliminate an **active** flea or tick problem, treat outdoor areas twice within 7-10 days to break the egg layer cycle. For ongoing **prevention**, treat every 30-45 days, or as needed, for best results. Year-round use enhances results.

Ingredients: Active: 22.5% Cedar Oil, Inert: 2.5% Ethyl Lactate, 75% Water

Kills and Repels: Fleas, Ticks, Mosquitoes, Ants, Cockroaches, Flies, Scorpions, Chiggers, Crickets, Chinch Bugs, Japanese Beetles, No-See-Ums and Gnats and Repels Venomous Snakes
