Additional Precautions

Bengal Yard and Patio Spray is an outdoor product for use in backyards, patios, decks, porches and other areas where listed flying insects are a problem. When sprayed on surfaces outdoors, Bengal Yard and Patio Spray residually kills listed flying insects that land on treated surfaces for 24 hours.

GUARANTEE: If you are not completely satisfied with this Bengal Product, call 225-753-1313 weekdays 8:30am - 4:00pm Central Time.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For outdoor residential use.

SHAKE WELL BEFORE USING.

- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not allow adults, children, or pets to enter until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated.
- All outdoor applications must be limited to spot or crack and crevice treatments only, except for the following permitted uses:
 - (1) Treatment to soil or vegetation around structures;
 - (2) Applications to lawns, turf, and other vegetation;
 - (3) Applications to building foundations, up to a maximum height of 3 feet.
- Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack and crevice application only.
- Do not water the treated area to the point of run off. Do not make applications during rain.

OUTDOOR PESTS:

FLYING INSECTS: To kill flies, mosquitoes, sand flies, gnats, small flying moths:

Space Treatment: Direct fog so that it drifts over the area to be treated. Spray towards bushes, trees and ornamentals from at least 4 to 6 feet away. Give special attention to breeding sites such as garbage cans and compost piles. Do not allow drift over ornamental fish pond pools. Cover if possible before treatment. For spaces such as screened-in porches, spray at the rate of 10 grams (3 seconds) per 1000 cubic feet of space. If possible, keep area closed for at least 30 minutes after spraying. Do not enter or allow others to enter until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated.

Surface Treatment: For residual control of flying insects treat screens, around window and door frames, porches, surfaces around light fixtures, ornamental bushes, in garages and other surfaces where flying insects light or gather. Hold can 2 to 3 feet from the surface to be treated and spray to slightly moisten the surface. Bengal Yard and Patio Spray will not damage plants and bushes, or finished surfaces on the exterior of homes or buildings.

CRAWLING INSECTS: To kill cockroaches, ants, spiders, crickets, scorpions, sowbugs, centipedes, stink bugs, brown marmorated stink bugs (bmsb), Asian lady beetles, and boxelder bugs: Contact as many insects as possible with the spray. Do not enter or allow others to enter until sprays have dried. For residual control of crawling insects on outdoor surfaces, spray where pests are active or where they may enter buildings. Special attention should be paid to cracks and crevices, window and door frames, eaves, porches, patios and garages. Hold can 2 to 3 feet from the surface to be treated and spray to slightly moisten surface but not to the point of runoff. **SPIDERS:** Treat surfaces where spider webs are seen to kill spiders and prevent other spiders from building webs for up to 30 days. Direct exposure to rainfall reduces this products effectiveness.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not use this product in or on electrical equipment due to the possibility of shock hazard. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Never leave container in parked or unattended vehicles.

ENVIRONMENTAL HAZARD

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Drift and run-off may be hazardous to fish in water adjacent to treated areas. Do not contaminate water when disposing of equipment, washwater, or rinsate. See Directions for Use for additional precautions and requirements. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are foraging the treatment area.

FIRST AID
