MATERIAL SAFETY DATA SHEET

SECTION 1: INDENTIFICATION OF PRODUCT

Manufacturer's Name and Address: Dr. T's Nature Products, Inc PO Box 682, 2658 US Hwy 19 North Pelham, GA 31779 Emergency Phone Number 1-800-299-6288 Product Name: Cobweb Eliminator

Date Prepared: Revised 10/12/99
Material Description/Proper Shipping Name:
NMFC 48580/ Sub Issue B-3/NOI/Class 55
Additional Hazard Classes: ND
Chemical Family: NF Formula: Patented

SECTION 2: Ingredients/identity Information

Chemical Names: No hazardous substances as defined by OSHA's hazardous communications standard 29 CFR 1910.1200.

SECTION 3: PHYSICAL DATA

Vapor Density (Air = 1): >1

Boiling Point (Degrees F): NF Vapor Pressure (mm Hg): NF Melting Point: NF Solubility in Water: ND Physical Description: Pinkish liquid with licorice odor. Specific Gravity (H20=1): 1 Percent Volatile by Volume (%): NF Evaporation Rate (Butyl Acetate=1): <1 pH: 4.4 Percent Solid by Weight (%): NF

SECTION 4: FIRE AND EXPOLOSION HAZARD DATA

Flash Point (Method Used): 216 Degrees closed cup Flammable Limits: ND LEL: 4% UEL: 16% Extinguishing Media: CO2, Foam, and Dry Chemical Special Fire Fighting Procedures: Cool containers exposed to flame with water. Use self-contained breathing apparatus. Unusual Fire and Explosion Hazards: Not Known

SECTION 5: REACTIVITY DATA

Stability: Stable
Conditions to Avoid: Avoid excessive heat, flame, and contact with acids and strong oxidizers.
Incompatibility (Materials to Avoid): Avoid contact with acids, strong oxidizers.
Hazardous Polymerization: Will not occur.
Hazardous Decomposition Products: CO, CO2, NO2, COCL2, HCI, and unidentified organics.

SECTION 6: HEALTH HAZARD AND FIRST AID

Route of Entry:

Skin: Not absorbed, avoid skin contact. Eyes: Flush with water for 15 minutes.

Inhalation: Use in well-ventilated areas. Ingestion: Give Fluids. See a physician.

First Aid Procedures:

Skin: Wash with water.

Eyes: Flush with water for 15 minutes. Inhalation: Remove to fresh air.

Ingestion: Give fluids, do <u>not</u> induce vomiting. See a physician Carinogenicity: NTP? No LARC Monographs? No OSHA

Regulated? No

Health Hazard: Inhalation may result in irritation of the respiratory tract. High concentrations may result in headache, nausea, dizziness and drowsiness. Contact with skin may result in irritation. If contact with eyes, flush with water for 15 minutes. Medical Condition Generally Aggravated by Exposure: Preexisting skin, eye, or respiratory disorders.

SECTION 7: CONTROL METHODS

Respiratory Protection: Not normally needed. Protective Gloves: Use gloves to avoid skin. Mechanical: Use in well-ventilated area.

Work/Hygiene Practices: Insure prompt removal from skin

and clothing.

Local exhaust: Not normally needed. Recommended where

levels exceed exposure limits.

Eye Protection: Chemical splash goggles.

Other Protective Equipment: None normally needed.
