SENIOR
Health & Wellness

SUPPLEMENT

Senior horses hold a special place in our hearts—they've taken care of us for as many years as we've cared for them. They may be the first horse we competed with or learned to care for, or may be the gentle soul that is teaching our kids those same lessons. For all the wonderful years they've given us, we want to reward them with the best possible nutrition to keep them feeling as young as possible for as long as possible.

SUPPLEMENT

Provides nutrients that support a healthy digestive system in senior horses

Extruded nugget to support proper digestion of nutrients

Formulated by Equine PhD Nutritionists

Convenient refill bag available

Nutritional Peace of Mind with Every Scoop

As horses age, their digestive systems become less efficient at absorbing nutrients from their feed, which may mean they are missing the complete nutrition they need to feel their best. Farnam® Senior Health & Wellness is an easy-to-digest supplement designed to help fill important nutritional gaps in your senior horse's diet. Packed with amino acids, fatty acids, and vitamins and minerals, this targeted formulation provides nutrients that help maintain a healthy digestive tract. No matter what your horse is eating, by adding Farnam® Senior Health & Wellness supplement you can rest assured he's getting the nutrition he needs to look and feel his best.
