Guaranteed

Net Contents
32 FL OZ
(1 QT, 946 ML)

DIRECTIONS

1. **SHAKE** well before using.

2. **SPRAY** dry plants completely with a fine mist.

Product adheres best & lasts longest when sprayed on dry plants. Allow to dry 1 hour before rainfall or watering plants. Do not spray plants when the temperature is above 90°F.

3. Spray new plant, flower and bud growth. New growth may be touched up as needed without worry of over spraying. The best time to spray is early morning or evening. Monitor new plant growth, adjust spraying to local conditions for maximum protection.

Dries clear • Can last up to three months on dormant shrubs • May be used year round

Good gardening practice states to always wash fruits and vegetables thoroughly before consuming!*

Covers up to 1,000 Sq Ft

I Must Garden takes pride in providing safer alternatives for gardening and pest control. Our all natural products are formulated with food grade ingredients and are safer around
