

InTice™

rover ant bait

The Only Bait on the Market Specifically for Rover Ants. The Specialized Attractant Matrix Achieves Unmatched Acceptance and Includes All the Great Features of InTice Thiquid Ant Bait.

Product Code:

IRAB008: 8 oz bottle with dropper top

Thick syrup with 5% borax will not run on flat surfaces

And can be paired with a BaitPlate™ Station for other applications.

A specially formulated version of Thiquid Ant Bait to be highly attractive to Rover ants

For indoor and outdoor use including food areas

Kills ants you see and ants in the nest

May be diluted to a 2.5% or 1% for very large multi-queen and multi-colony ant infestations

Non-repellent insecticides may be applied over the bait for a “double whammy” elimination effect

Green Zone Product

Naturally derived active ingredient. Suitable for green service programs.

InTice Rover Ant Bait is currently registered in AL, FL, LA and TX
