Mattress Safe[®] Product Description

Sheet

- Waterproof
- Breathable
- Fire Retardant
- Bed Bug Certified
- Bite Proof
- Impermeable to Dust Mites, Bed Bugs, Mold and Bacteria

Technical Specs:

- **Bed Bug Certified** - Mattress Safe[®] Products have been tested by board certified entomologists. The fabric "feed through" method was used to evaluate if bed bugs (*Cimex lectularius*) could penetrate and feed through the fabric when a human host was present. The results prove that no bed bugs fed through the laminated fabric, the zipper enclosure, or the zipper seams during the evaluation. The zipper enclosure also prevented bed bugs from escaping during the study and prevented debris from passing through the zipper.
- **Fire Retardant** - Material was tested to "CFR Title 16 Part 1632 (FF4-72) Standard for the Flammability of Mattress and Mattress Pads - Ticking Substitution Procedure Part 1632.6" and received in conclusion a "B" Classification and tested to meet the American Standard ULV-O Burn Test requirements.

Directions for Application:

Apply the protector over the furniture with the soft side to the outside and the laminated side touching the furniture. Zippered side to floor.
