**The Revive Secret**

*Revive is an organic-based soil treatment made from a combination of soil wetting agents, lignosulfonates and iron. Revive allows water to penetrate deeper into hard-to-wet soils, even through thatch and mat. Revive helps save water and solves problems associated with hard, dry, compact soils and the additional iron helps thicken and turn your lawn dark green.*

*Granular Revive is made with DPW (Dehydrated Poultry Waste) containing primary plant foods that have a low burn potential. The result is a non-burning organic-based fertilizer that saves water.*

**Directions For Use**

**Lawn and Turf Areas:** Apply Revive any time during the growing season. Revive is especially beneficial if applied before, during or after applying fertilizer. Treat brown areas, where puddles form, slopes where run-off occurs, and around landscape plants. Cover entire lawn area. **For best results, thoroughly water after application.** You can apply Revive after sodding or seeding a new lawn or with a soil test.

**Recommended Re-application Frequency:**

Spring	Summer	Fall
6 wks	4 wks	6 wks
6-8 wks	4-6 wks	6-8 wks

Broadcast - cover entire lawn:

For lawns grown on heavy clay, caliche, or alkaline soil or lawns that are heavily thatched and matted, 2-3 applications are recommended at 10-day intervals when beginning treatment.

**Landscape & Flower Beds:** Treat entire area(s) before planting or before plants flower. **For best results, water thoroughly after application.** Re-apply as needed. Revive can be easily applied with a drop or broadcast spreader.

**NOTICE**  
**NOT FOR USE IN ORGANIC CROP AND ORGANIC FOOD PRODUCTION**

**CAUTION**  
 KEEP OUT OF THE REACH OF CHILDREN, MAY STAIN WOOD AND CONCRETE.

**WARRANTY STATEMENT**  
 Revive, Inc. is not responsible for the use or misuse of the product. Results can vary due to soil types, weather and other variables. Liability is limited to replacement of an equivalent amount of Revive Granules.

**WARRANTY STATEMENT**  
 Revive, Inc. no se hace responsable por el uso o mal uso del producto. Los resultados pueden variar según el tipo de suelo, el clima y otros variables. La responsabilidad legal se limita al reemplazo de una cantidad equivalente de Revive.
