WEEDCLEAR™

LAWN WEED KILLER

READY-TO-USE₁

PRODUCT FACTS

Results in Hours

Kills major listed broadleaf weeds including dandelion, clover, oxalis, chickweed, knotweed, plantain, henbit, spurge and many others.

WHERE TO USE:

Ortho® WeedClear™ Lawn Weed Killer Ready-to-Use, is intended for use only on residential lawns, including: bahiagrass, bentgrass, bermudagrass (hybrid and common), buffalograss, centipedegrass, fescue, Kentucky bluegrass, perennial ryegrass, St. Augustinegrass (except 'Floritam') and zoysiagrass without harming lawn grasses when used as directed.

Do not allow people or pets to enter the treated area until spray has dried.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Restrictions:

- Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.

- Do not allow people or pets to enter the treated area until spray has dried.
- Do not apply directly to or near water, storm drains, gutters, sewers, or drainage ditches. Do not apply within 25 feet of rivers, fish ponds, lakes, streams, reservoirs, marshes, estuaries, bays, and oceans. Do not apply when windy. To prevent product run-off, do not over water the treated areas to the point of runoff or apply when raining or when rain is expected that day.
- It is the responsibility of the applicator to avoid spray drift at the application site. Do not allow the herbicide solution to mist, drip, drift, or splash onto desirable broadleaf plants, as small amounts of this product can damage sensitive plants near the treated areas. If desirable plants are accidentally sprayed, immediately rinsing leaves with water may reduce or eliminate plant damage.
- Do not apply as a fine mist because of potential for injury to desirable plants.
- Do not use this product on or near desirable plants, including contact of spray on exposed root systems or adventitious shoots within the drip line of desirable trees and shrubs, since injury may result.

WHEN TO APPLY

- Spray when weeds are actively growing.
- Spray when air temperatures are below 90°F and are not expected to exceed 90°F for 6 hours.
- Hard to kill weeds may require a repeat application in 30 days. Do not make a repeat application for 30 days. Limit of two applications per year.
- Rain or watering 6 hours after application will not wash away effectiveness.
- Weeds in newly seeded lawns may be sprayed after the lawn has been mowed 3 times.
- The number of spot treatments is limited to 2 per year.

IMPORTANT: Do not use this product for controlling weeds in vegetable gardens, flower beds or around shrubs or ornamental plants. Do not use on or around fruits, vegetables or flowers. Temporary discoloration may occur on St. Augustinegrass, centipedegrass, and bentgrass lawns. Do not apply as a fine mist because of potential for injury to desirable plants.

QUICK CONNECT® TRIGGER SPRAYER

1. Pull sprayer from bottle.
2. Pull hose connector and coil from sprayer handle.
3. Insert hose connector into spout on cap until it clicks into place.
4. Flip up spout. Turn sprayer nozzle to open, and spray.

HOW TO USE

- Turn sprayer nozzle to open.
- Adjust spray nozzle to give a coarse spray.
- Aim at center of weed and spray to lightly cover.
- Spray any time weeds are actively growing.

Ortho® WeedClear™ Lawn Weed Killer Ready-to-Use, kills listed broadleaf weeds in lawns - down to the root. Kills listed weeds - not lawn grasses when used according to directions. Ready-To-Use. No mixing.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal. Keep from freezing. Keep pesticide in original container. Do not put into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place, preferably in a locked storage area.

PESTICIDE STORAGE

Turn sprayer nozzle to "OFF." Flip down spout to close. No need to disconnect trigger sprayer. Close nozzle on trigger sprayer. Snap sprayer back in place.

PESTICIDE DISPOSAL AND CONTAINER HANDLING

Nonrefillable container. Do not reuse or refill this container.
If empty: Place in trash or offer for recycling if available.
If partly filled: Call your local solid waste agency for disposal instruction. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through the skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID

IF ON SKIN

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 - 20 minutes.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-877-465-5161 for emergency medical treatment advice.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.

NOTICE: To the extent consistent with applicable law, the buyer assumes all risks of use, storage or handling of this product not in accordance with label directions.

If for any reason you, the consumer, are not satisfied with this product, mail us your original proof of purchase to obtain a full refund of your purchase price.

MODO DE EMPLEO

Es una violación a la ley federal usar este producto con otros fines que los indicados en la etiqueta.

Restricciones:

- No aplique este producto de forma que entre en contacto con otras personas o mascotas, ya sea directamente o al ser arrastrado por el viento. Durante la aplicación, mantenga alejadas del área a las personas y las mascotas.

- No permita que las personas o las mascotas ingresen al área tratada hasta que el rociado se haya secado.
- No aplique directamente ni cerca de agua, drenajes pluviales, cunetas, alcantarillas o zanjas de desagüe. No aplique a menos de 25 pies (8 m) de distancia de ríos, estanques de peces, lagos, arroyos, pantanos, marismas, estuarios, bahías y océanos. No aplique cuando haga viento. Para evitar escurrimientos del producto, no riegue las áreas tratadas al grado que escurra ni lo aplique cuando esté lloviendo o si se pronostican lluvias para ese día.
- Es responsabilidad de quien lo aplica evitar que el rocío sea arrastrado por el viento fuera del lugar de la aplicación. No permita que la solución herbicida rocíe, gotee, derrame o salpique las plantas de hoja ancha que no desee eliminar, pues pequeñas cantidades de este producto pueden dañar las plantas sensibles que estén cerca del área tratada. De rociar accidentalmente plantas que no desee eliminar, enjuagar de inmediato las hojas con agua puede reducir o eliminar el daño para la planta.
- No aplique como una niebla fina por los posibles daños a las plantas que no desea eliminar.
- No use este producto en plantas que no desee eliminar ni cerca de ellas, incluyendo el contacto del rocío con los sistemas de raíces expuestos o los brotes fortuitos dentro de la línea de goteo de árboles y arbustos deseables, pues pueden sufrir daños.

CUÁNDO APLICARLO

- Rocíe cuando las malezas estén en crecimiento activo.
- Rocíe cuando la temperatura del aire esté por debajo de los 90 °F (32 °C) y no se espere que exceda esta temperatura durante 6 horas.
- Las malezas difíciles de eliminar tal vez necesiten que se repita la aplicación a los 30 días. No repita la aplicación durante 30 días. Límite de dos aplicaciones al año.
- Si llueve o riega 6 horas después de la aplicación, el producto no perderá su eficacia.
- Las malezas en prados recién sembrados pueden rociarse después del tercer corte de césped.
- El número de tratamientos focalizados está limitado a 2 por año.

IMPORTANTE: No use este producto para controlar las malezas en huertos de hortalizas, macizos de flores ni alrededor de arbustos o plantas ornamentales. No lo utilice en ni alrededor de plantas frutales, hortalizas o flores. Cierta decoloración temporal puede darse en los céspedes San Agustín, ciempiés y agrostis. No aplique como una niebla fina por los posibles daños a las plantas que no desea eliminar.

ROCIADOR DE GATILLO QUICK CONNECT®

1. Retire el rociador de la botella.
2. Retire la manguera y conector del asa del rociador.
3. Inserte el conector de la manguera en el pico en la tapa hasta que encaje en su lugar.
4. Levante el pico. Gire la boquilla del rociador para abrir, y rocíe.

CÓMO USARLO

- Gire la boquilla del rociador para abrir.
- Ajuste la boquilla del rociador para aplicar un rociado grueso.
- Apunte al centro de la maleza y rocíe para cubrir ligeramente.
- Rocíe cada vez que las malezas estén en crecimiento activo.

El Herbicida para césped WeedClear™ de Ortho® listo para usar, elimina las malezas de hoja ancha del césped enumeradas, hasta la raíz. Elimina las malezas enumeradas, no el césped del jardín, cuando se usa de acuerdo con las instrucciones. Listo para usar. No necesita mezclarse.

ALMACENAMIENTO Y ELIMINACIÓN

No contamine el agua, la comida ni el pienso para animales al almacenar o eliminar el producto. Proteja del congelamiento. Mantenga el pesticida en su envase original. No lo ponga en envases de alimentos o bebidas. Evite contaminar piensos y alimentos. Almacene el producto en un lugar fresco y seco, de preferencia en un lugar bajo llave.

ALMACENAMIENTO DEL PESTICIDA

Gire la boquilla del rociador hasta la posición de "OFF" (cerrado). Mueva hacia abajo el pico para cerrar. No es necesario desconectar el rociador de gatillo. Cierre la boquilla en el rociador de gatillo. Encaje el rociador nuevamente en su lugar.

ELIMINACIÓN DEL PESTICIDA Y MANEJO DEL ENVASE

Este envase no se puede rellenar. No vuelva a usar ni a llenar este envase.
Si está vacío: Tirelo a la basura o, si está disponible, ofrézcalo para reciclaje.
Si está parcialmente lleno: Llame a su agencia de desechos sólidos local para obtener instrucciones sobre cómo eliminar el producto. Nunca elimine el producto no utilizado en drenajes internos o externos.

AVISOS DE PRECAUCIÓN

RIESGOS PARA LOS SERES HUMANOS Y LOS ANIMALES DOMÉSTICOS

PRECAUCIÓN: Es nocivo si se absorbe a través de la piel. Evite el contacto con la piel, los ojos o la ropa. Lávese con abundante agua y jabón después de manipular el producto, y antes de comer, beber, masticar chicle, consumir tabaco o usar el inodoro.

PRIMEROS AUXILIOS

SI CAE EN LA PIEL

- Quite la ropa contaminada.
- Enjuague la piel de inmediato con abundante agua por 15 a 20 minutos.
- Llame a un centro de control de envenenamientos o a un médico para recibir instrucciones de tratamiento.

Tenga el envase o la etiqueta del producto con usted cuando llame al centro de control de envenenamientos o al médico, o al acudir a recibir tratamiento. También puede llamar al 1-877-465-5161 para obtener información sobre tratamiento médico de emergencia.

RIESGOS MEDIOAMBIENTALES

Este pesticida es tóxico para los peces y los invertebrados acuáticos, y puede afectar de manera adversa a las plantas que no se pretende eliminar. Para proteger el medio ambiente, no permita que el pesticida penetre o se escurra en drenajes pluviales, zanjas de desagüe, cunetas o aguas superficiales. La aplicación de este producto en un clima tranquilo, cuando no se pronostiquen lluvias para las próximas 24 horas, asegurará que ni el viento ni la lluvia arrastren o laven el pesticida fuera del área de tratamiento.

Este producto químico tiene propiedades y características que se relacionan con sustancias químicas detectadas en aguas del subsuelo. El uso de este producto químico en áreas donde la tierra es permeable, en particular donde el manto freático está cerca de la superficie, puede acarrear la contaminación del agua del subsuelo. La aplicación alrededor de una cisterna o pozo puede ocasionar la contaminación del agua para beber o de la del subsuelo.

ADVERTENCIA: En la medida contemplada por las leyes aplicables, el comprador asume todos los riesgos derivados del uso, el almacenamiento o el manejo de este producto si no se siguen las instrucciones de la etiqueta.

Si por alguna razón usted, el consumidor, no está satisfecho con este producto, envíenos por correo el comprobante de compra original para recibir un reembolso completo de su precio de compra.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal. Keep from freezing. Keep pesticide in original container. Do not put into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place, preferably in a locked storage area.

PESTICIDE STORAGE

Turn sprayer nozzle to "OFF." Flip down spout to close. No need to disconnect trigger sprayer. Close nozzle on trigger sprayer. Snap sprayer back in place.
